## Education

### Bachelor of Engineering in Computer Engineering

Graduation Project:

Herb Identifying Mobile Application using Image Recognition principles to identify medicinal plants and search for their medicinal properties.

GPA: 3.08, graduated 2023.

King Mongkut's Institute of Technology Ladkrabang

### High Vocational Certificate in Computer Technology

Graduation Project:

Strawberry Planting Care System utilizing IoT technology for efficient monitoring and management of strawberry cultivation.

GPA: 3.86, graduated in 2020.

Thai-Austrian Technical College

## Programming Language

- Python
- SQL
- Dart
- Golang

## Frameworks

- FastAPI
- Flutter
- Gin (for Golang)

## Hobby

- Workout
- Reading
- Video Game
- Anime / Movie

## Soft Skills

- Problem-solving
- Team collaboration
- Communication
- Time management
- Adaptability
- Continuous learning
